

Required Attendance Form Information

The UF/IFAS CEU Verification Office prints **your** State of Florida's "Record of **Attendance Form** for Continuing Education Units (CEUs)" from the DACS Pesticide Applicator Continuing Education Unit Web site.

To allow us to generate your **Attendance Forms** you must submit some information to the UF/IFAS CEU Office. Please fill out the spaces below. **Then send this sheet, the required fee** (\$10 per tutorial **payable** to "University of Florida"), **and tutorial result(s) to:**

CEU Verification Office
Bldg 970 Natural Area Drive
University of Florida
Gainesville, FL 32611-0640.

When you submit the tutorial results, fee and following requested information to the address above, we then generate the State Attendance Form and send it to you with the **required verification signature**. We also enter your CEUs into the State's online CEU database.

You must then complete the information on the DACS Attendance form we provide you, and submit it to the appropriate Bureau to renew your license.

Please Print
