**Florida's Largest Educational
Honey Bee Event is back!**

Join us for the...

2012 Bee College

The most extensive educational honey bee event in the state is back for its fifth year, at the UF Whitney Marive Laboratory in Marineland, Florida!

- 3 international and 2 national guest speakers
- Classes for beekeepers of all ages and experience levels. You don't have to keep bees to attend; all you need is an interest in the subject!
- Saturday Junior Bee College for children ages 6-16 (teachers and parents are welcome to attend)
- New courses include Integrated Pest Management, Swarm Control, Mead Making, Gourmet Honey Cookery, Building Observation Hives, Beeswax Encaustic Painting, and much more.
