

SEMINAR

*The Entomology and Nematology Department presents the sixth in the
Fall 2017 Seminar Series, titled:*

“Fungal endophytes can mediate resistance to insects, nematodes and drought in cotton agroecosystems”

By

Greg Sword

TAMU

Friday, October 13, 2017

10:30 am

UF Entomology and Nematology Department, Rm. 1031 Steinmetz Hall

Reception Friday Night: There will be a reception for the speaker at Dan Hahn and Jen Weeks’ house Friday at 6:30pm. Faculty, students, and staff, all are welcome – as well as kids and significant others. Catering will be by Mi Apa, so please let Dan (dahahn@ufl.edu) know so he can order appropriate food. Drinks, salads, or desert would be welcome.

Watch the seminar through Polycom (7834050@video.ufl.edu)

or from your desktop via Lync/Skype for Business (7834050@video.ufl.edu).

For Polycom dial 7834050@video.ufl.edu between 10:15 and 10:30 when the seminar begins.

Any sooner and the conference will not have begun; any later and you risk disturbing the ongoing seminar.

As a courtesy, please keep your microphones muted except when wishing to speak.

For meetings with the seminar speaker, please contact Dan Hahn, dahahn@ufl.edu.
